

table design

Login

field	type	description
username	Varchar (20)	username
password	Varchar (30)	password
login_id	integer	login user_id .
status	Varchar	status

Registration

1) police

field	type	description
name	Varchar (20)	name
address	Varchar (70)	address
age	int	age
gender	Varchar (20)	gender
email	Varchar (30)	email id
mob	int	mobile number
Designation	Varchar (30)	Designation
station id	Varchar (30) int	station name
		user identification . police - id .
status	Varchar .	status .

Student

field	type	Description
name	varchar (30)	name
school	varchar (40)	school name
DOB	Integer	date of birth
gender	varchar (30)	gender
class	Integer	class
division	varchar (1)	division
email	varchar (20)	email address
mob	integer	mobile number
password	varchar (30)	password
confirm password	varchar (30)	confirm password
id	int	user_id
status	varchar	status

Faculty

field	type	description
name	varchar (20)	name
school	varchar (30)	school
gender	varchar (30)	gender
Designation	varchar (20)	Designation
department	varchar (20)	department
age	integer	age
email	varchar (30)	email
mobile	integer	mobile number
password	varchar (30)	password
id	integer	faculty_id

online class table

name	type	description
id	integer	class_id
Subject	varchar	Subject
Faculty id	integer	Faculty_id
link	varchar	link

exam table

field	type	Description
id	integer	exam_id
name of exam	varchar	name of exam
id	integer	notification_id
mark	integer	mark

Question table

field	type	Description
id	integer	id
Qid	integer	Question_id
Qn	varchar	Question
Ans1	varchar	Answer one
Ans2	varchar	Answer two
Ans3	varchar	Answer three
CAns mark	varchar varchar	current Answer mark

note table

field	type	Description
id	varchar	note_id
notes	varchar	notes
pages	integer	pages
id	integer	Faculty_id

Camp table

field	type	description
id	integer	camp_id
name	varchar	Camp name
date	date	date
venue	varchar	venue
id	integer	faculty_id
note	varchar	notes

Report table

field	type	description
id	integer	Report_id
report	varchar	Report
id	integer	Faculty_id
date	date	date
review	varchar	review

Contact table

field	type	Description
id	integer	contact_id
message	Varchar	message
name	Varchar	name

Review table

field	type	Description
id	integer	review_id
review	Varchar	review

add notification table

field	type	Description
notification	varchar	notification
id	integer	notification id.
status	varchar	status

exam details

field	type	description
name of exam	varchar(30)	exam name
date	date	date
no. student attend	integer	number of students attend
id	integer	user identification.

add Announcement table

field	type	description
Announcement	varchar	Announcement
id	integer	id
status	varchar	status.

add question paper table

field	type	Description
add question paper	varchar	add question paper
id	integer	id
status	varchar	status
